I, DAVID THOMPSON, accept the above nomination.

Signature: 

Date: 04/02/26

Profile – David Thompson

Age 49, Married with 1 child

I am an IT Executive, permanently employed at BlueSky as a Sales Director.

Over the past 2 years (2024 and 2025) I have had the honour of serving as Clovelly's Vice Chairman on the Governing Body. Prior to that I was the Men's Club Captain (2022 / 2023) and have been involved and a member of Clovelly golf committees for more than 10 years. I am also the playing captain and selector of the various Clovelly scratch league sides and currently captain of the Western Province Mid Amateur team.

Sports is my passion with golf being a firm favourite – I play off a scratch handicap and am always at my happiest (outside of my family) when I am on a golf course. Clovelly has been my golfing home and golfing family for 13 years now and I have thoroughly enjoyed every minute to date.

I am a born and bred Capetonian but did spend 12 years of my life in London between 2000 and 2012. On returning in 2013 I immediately joined Clovelly. I have been a full member since then and am passionate about the club, the course but most of all its members. There is a truly unique and special vibe at this club, and this has directly resulted in me wanting to give my time and energy in any way that would make this great golf club even greater.

I believe Clovelly is in fantastic health on and off the course. The crown jewel of the south is shining brightly and we must ensure this is never taken for granted and aim for consistent improvement. Clovelly management, Governing Bodies and Golf Committees are doing a sterling job and having fun while they do so.

My goal is to continue to add value to the club wherever I can. It is important that we build on the success of the last few years and take Clovelly forward with exciting projects and initiatives, while of course balancing this against good fiscal discipline and in keeping with our values.

If elected as Chairman to the Governing Body I look forward to working with all concerned to achieve our goals, both on and off the course. Clovelly is a very special place and I think we have exceptional people to take it forward.
